

Mirabai Devi: Miracles of the Angelic Realm

Awareness is the first step in changing a belief system or pattern. Examine your patterns and write down your answers to the questions below:

1. Do you have a place in nature where you can go to be in meditation? It might include being at a beach, in a wooded area, a meadow or in a nature sanctuary. If so, where is this space? Describe it in detail. If not, do you have access to a quiet space in your home?

2. When you are out in nature do you ever feel the Nature Angels? This would be a feeling a being lifted by the beauty around you.

3a. Have you ever felt yourself deeply moved by a song or instrumental music? Do you recall the feelings of your soul connecting and soaring with this music? Please describe this.

3b. Do you ever feel the musical angels when listening to the music?

4a. Have you experienced the feeling of going into your heart chakra and feeling it open into love?

4b. Have you experienced a connection with another being by communicating through your heart chakra?

5. Have you had or experienced clairvoyance or clairaudience? Every human being is naturally telepathic and intuitive. Have you focused on developing these senses or learned how to fine tune them?

6. Have you reached out to your angels through prayer, talking or in silence? If so, describe how you communicate with them.

7. Do you share with your angels the help you need on a regular basis? Or do you only ask for their help in an emergency?

8. The angels connect with us through the language of love. The best way to talk with them is to speak from the heart with love, tune in and feel their caring and concern for ALL life. Have you tried this approach? Has it worked for you?

9. Do you judge yourself? If so are you becoming aware of it? Are you able to stop judging yourself when you are aware of it? Remember that angels do not judge us. If we do feel any judgment it is our own projection and feelings of unworthiness.

10. Practice your communication with your angels on a daily basis. Interact with them throughout each day. Once you've become comfortable with this, come back and ask yourself if you have witnessed any miracles that have occurred as a result of your deepened relationship?
