

# Written Prayer for Age of Aquarius by Mirabai Devi

“Divine Light,

As we have moved into the Age of Aquarius, please open me to release the old way of doing things.

Lift the veils off my eyes and help me to wake up fully and see through all the illusions that I have held about myself, my life and this world. There is nothing more important than for me to wake up now and remember who I am.

Please open my inner sight, so that I may be ready to see all of the causes and conditions, lessons, teachings and blessings that my obstacles and blockages, have brought to my evolutionary growth..

I am here on the planet to be a part of the solutions, not the problems. I am dedicated to transmuting all timelines where I am held back by anything. I choose to walk in the Light.

Please help me to align in complete harmony with Nature and receive Her support and Blessings in all areas of my life, for my own highest good and the highest good of all beings. Whatever blessings I receive, may they ripple out to my family, friends and loved ones, and may all of them be included in this blessing.

Thank you, Divine Light.  
Thank you,

Amen.
